Dear Members,

Dear insurance lawyers,

AIDA and ALJB are proposing a series of three theoretical and practice-oriented sessions on legal aspects of digitalisation processes in insurance companies.

The **1st session “How to prepare to digitalisation”** will address legal questions before starting the digitalisation process: Should our documents be accepted, signed or neither? Could certain legislative elements be a hindrance to digitalisation (ex. IDD)? How to demonstrate that the customer has agreed to the terms?

The **2nd session “Electronic Signatures”** goes into the eIDAS Regulations, description of the 3 types of signatures (simple, advanced, qualified), the risks involved and how to avoid certain traps.

The **3rd session “Digitalisation/Archiving of documents”** discusses the legal aspects of the electronic archiving of contracts and related documents, including GDPR aspects, subcontracting questions and Security IT (backup vs archiving).

These sessions are presented by Me Audrey RUSTICHELLI, Head of the Technologies & IP department and of the Commercial Contracts practice, and by Me Nicolas HAMBLENNÉ, Senior Associate within the Technologies & IP department and of the Commercial Contracts practice, both at PwC Legal Luxembourg.

Language: The session will be held in English.

Registrations: www.aljb.lu (Home page - *Evénements* accessible without login).
